## GO AS AMERICAN CITIZENS

Former Labor Chairman Tells  
Purposes; Want Full Rec-  
ognition Given.

WASHINGTON, March 28.—Passports were granted by the state department today to Frank P. Walsh, former joint chairman of the war labor board, Edward F. Dunne, former governor of Illinois, and Michael K. Ryan, former Pennsylvania public service commissioner, who are going to Paris to present Ireland's claims at the peace conference as spokesmen of the Irish race convention held last month at Philadelphia. In submitting their request for passports, Mr. Walsh and Mr. Ryan, representing the committee, stated that the purpose of their mission was to obtain for the delegates elected by the people of Ireland a hearing at the peace conference and to play before the conference, if that hearing is not given, the case of Ireland; her insistence on her right to self-determination, and to international recognition of the republican form of government established by her people.

No Statement Issued.  
No statement was issued at the state department in connection with the granting of the passports and officials declined to discuss the matter informally beyond saying that passports had been granted.

Mr. Walsh, who will head the mission, which expects to sail April 2, on the steamer La Touraine from New York, issued the following statement today:

"The committee is going to France as American citizens, holding no allegiance, actual or spiritual, to any nation on earth, but imbued with the necessity of extending the principles of free government to Ireland, which is the typical small nation of the world being deprived of the right to determine for itself the form of government under which it shall live."

"Naturally men and women of Irish blood and ancestry everywhere have a deep and sentimental attachment to the land which gave birth to their race, and at this crucial moment of new world conception, desire to render all of the assistance in their power to the representatives of the people of Ireland delegated to attend the peace conference. The committee expects to remain in France until Ireland's case is fully determined by the conference."

S. S. SMELTER MEN  
REJECT WAGE CUTPlan of United States Zinc Company  
Threatened With Shutdown  
April 1.

Threatened with a cut in their wage of 30 cents a day, effective April 1, 163 employees of the Sand Springs smelter, operated by the United States Zinc company, members of the International Mine, Mill and Smelter Workers, Friday through a committee, informed E. P. Lannon, superintendent of the plant, that on account of the present cost of living, they would not accept the wage cut.

A. C. Brown, chairman of the organization, told the World reporter last night that the committee was informed by Mr. Lannon that the order reducing the wages of the men would not be backed and if the men did not keep their places the smelter would be closed down.

Workers said that practically all of the employees have made application to become members of the union. There are 236 employees, he said, of the number 159 have already joined the union and 80 more can have application. G. J. Morrison has been active in organizing the union.

The wages of the men range from \$1.50 a day, depending upon the kind of labor and the shift.

E. P. Lannon, superintendent of the smelter, was seen by a reporter for The World last night, but refused to make any statement for publication.

## CHARACTER

He never rose to fame, never starred in any game.  
Never made a lot of money men's at-  
tempts to attract him.  
He had never won a prize of a national size.  
And the brilliance of glory was a  
phantom he plainly lacked.  
Men of state would pass him by and  
would never reach his eye.  
None would ever bid his value in the  
fashion of his coat.  
In just this his worth is told: that his  
word was good as gold.  
And there wasn't any banker but  
would gladly take his note.

He was not a great success, never men-  
tioned by the press.  
There were very few who knew him,  
but no one had ever heard  
Any hint of sin or shame being con-  
nected with his name.  
And no one of him had hinted that he  
ever broke his word.  
He just bled from day to day, in a  
calm and easy way.  
Never sought the bits of glory or the  
pomp and power of rank.  
But he lived his whole life through in an  
honest and true.  
And whenever he wanted money he  
could get it from a bank.

There may be in world success, greater  
thrills of happiness.  
There may be compensation in the  
German's eyes.  
But when all is said and done he's life's  
best reward has won.  
Whom character is witnessed by an  
undisputed name.  
Though he lives apart, alone, and is  
very little known.  
And the praise of the people, round  
about, he's never heard.  
He can hold his head erect; for he  
has done his word's reward.  
When men say it to his glory that he  
never broke his word.

States had received a note from  
Premier Lenin and War Minister  
Trotzky of the Russian soviet gov-  
ernment asking recognition for the  
government of Vladimir Lenin in the

## TOKIO DEMANDS ACCEPTANCE

Mass Meeting of Citizens Held  
to Oppose League If Rec-  
ognition Is Denied.

WASHINGTON, March 28.—Pub-  
lication of the amended draft of the  
league of nations covenant, within a  
few days with a provision safeguard-  
ing the Monroe doctrine among its  
new clauses is expected by adminis-  
tration officials here as a result of  
informal advice received today from  
members of the American party at  
Paris.

Officials express entire confidence  
that President Wilson will insist  
upon such provision being in the  
final draft when it is passed. Upon  
the council of the league, or by the peace  
conference in Paris.

It is understood here that the  
amended covenant will be given to  
the public simultaneously in all the  
associated countries as was done in  
the case of the original draft.

MIGHT CONFIRM  
JAPANESE CLAIM.

By The Associated Press.  
PARIS, March 28.—The Aus-  
tralian peace delegates have pointed out  
that the proposed amendment to the  
league of nations covenant regard-  
ing the Monroe doctrine, providing  
for recognition of the binding force  
of the policies heretofore applied  
would validate and confirm Japan-  
ese claims to preponderance in  
China and the Orient.

Fear is expressed in some quarters  
that the opposition which has de-  
veloped on this account may jeop-  
ardize the amendment. Experts  
are trying to find a formula that  
will overcome this objection, and  
meanwhile the amendment has been  
withheld from insertion in the cov-  
enant.

JAPS DEMAND  
RACE AMENDMENT.

By The Associated Press.  
TOKYO, Tuesday, March 26.—At a  
mass meeting of prominent residents  
of Tokyo a resolution was adopted  
opposing any league of nations cov-  
enant which does not contain a clause  
abolishing racial discrimination. The  
resolution also urged opposition to  
the adoption of the constitution of  
the league of nations, and the German  
rights on the Shantung peninsula, and  
opposition to the international labor  
agreement, which it was declared, is  
not adapted to the constitution of  
Japan and to Japan's internal con-  
dition.

Japanese newspapers recently  
have printed editorials looking with  
suspicion on the motives of the United  
States and America in world poli-  
tics, especially concerning China,  
Siberia and Korea.

REPLY BY ANSELL  
WILL BE WITHHELDSecretary Baker Returns Letter to  
Former Acting Judge Advocate  
General After Reading It.

WASHINGTON, March 28.—Leu-  
tenant Colonel Ansell's reply to  
statements by Major General Crowder,  
judge advocate general, on the  
subject of military justice, will not  
be made public by the war depart-  
ment.

Secretary Baker announced to-  
day that he had returned the let-  
ter of Colonel Ansell, with the sug-  
gestion that its publication would  
not be helpful and that if the of-  
ficer had any suggestion or recom-  
mendation as to changes in the  
court-martial system, he could  
make it either to his superior of-  
ficer or to the secretary of war.

"Colonel Ansell today said he had  
no statement to make. His friends  
asserted it was improbable that he  
would take any steps toward mak-  
ing public the reply himself, as such  
action would be construed as inhum-  
anization, and would render the of-  
ficer liable to court-martial pro-  
ceedings."

The reply of Colonel Ansell was  
forwarded to Secretary Baker while  
the secretary was absent from Wash-  
ington on an inspection tour of army  
camps. Acting Secretary Crowder  
was instructed by Mr. Baker to with-  
hold the reply from publication un-  
til the latter's return.

## Tobacco for Sweden.

WASHINGTON, March 28.—The  
war trade board announced today  
that applications for export licenses  
will now be considered by the board  
for the exportation of tobacco to  
Norway, all kinds of fish and beef  
cassings to Denmark and export of  
molasses, except molasses for fodder,  
to Holland.

## Thirty - Seventh Given Welcome

Welcome Thirty-seventh division boys on liner Noordam at New York.

NEW YORK, March 28.—"It has  
been an honor and a pleasure to lead  
them," was the tribute Major Gen-  
eral Farnsworth, leader of the 37th  
division, recently returned from  
France, said to the boys under his  
command. The division is com-  
posed of former Ohio national guard-  
men. National state and city of-  
ficials officially welcomed the boys  
home. Parents and relatives of  
many of the men greeted them at  
the dock.

Recounting the work of the divi-  
sion, Major General Farnsworth, drafted  
from the regular army to lead  
the Ohioans, said:

"The 37th division arrived at  
Brest last June and trained three  
weeks, then was sent for duty to a

WASHINGTON, March 28.—An  
immediate call for 50,000 volun-  
teers for service in Europe has  
been prepared by the war depart-  
ment and probably will be pub-  
lished tomorrow. As an incentive  
to enlistment the men will be of-  
fered early duty in France as a  
relief for men in the expedition-  
ary forces who wish to return  
home.

will be for three years. The men  
will be concentrated at Camp  
Meade, Md., and probably will be  
sent overseas in contingents of 1,000  
strong.

They will be given instruction for

COUNCIL OF MINISTERS  
TO HURRY PEACE.

PARIS, March 28.—A council of  
the foreign ministers and foreign  
secretaries of Great Britain, the  
United States, France and Italy has  
been created to work simultaneously  
with the premiers and President  
Wilson, but on different branches of  
the great technical questions in-  
volved in the peace settlement. This  
action has been taken in the interest  
of speed.

It is believed the council of foreign  
ministers will consider the Italian  
and probably the Russian as well  
as the feasibility of arranging a  
peace treaty to include all the bel-  
ligerent nations.

The council named a commission  
to inquire into the Moroccan ques-  
tion and then took up the question  
of the frontiers of Schleswig.  
These announcements were made  
in an official communiqué given out  
today which stated that Mr. Lansing,  
Mr. Fitch, Baron Sonnino and  
Baron Makino were present at the  
meeting.

The body mentioned in the fore-  
going official statement presumably  
is the council of foreign ministers  
and foreign secretaries, the creation  
of which was announced in an earlier  
dispatch. The first account stated  
that the body would consist of only  
four members, the heads of the  
foreign departments of Great Britain,  
the United States, France and Italy,  
Japan not being represented because  
her delegation did not include her  
foreign minister. The official state-  
ment, however, shows that Baron  
Nobuko Makino, former foreign  
minister of Japan, and chief of the  
Japanese peace mission in Paris, met  
with the ministers of the other  
powers.

## PRESENT NEEDS TO BE MET

Citizens Will Undertake Temporary  
Loan Until Time Is Ripe For  
Endowment Campaign.

Kendall college, an institution of  
which all Tulsa is proud, was placed  
in a position to become a greater  
asset to the city and one of the  
greatest colleges of the southwest  
by the action of Tulsa's leading busi-  
ness men at a dinner at the Coun-  
try club last night when the needs  
of the college and the opportunity  
of the citizens to help it were dis-  
cussed.

The dinner was given by E. Rogers  
Kemp and E. P. Harwell, mem-  
bers of the Kendall board of trust-  
ees, and the guests were those citi-  
zens of Tulsa who are to be found  
behind every possible movement and  
whose support means the success  
of any undertaking.

There was a great deal of interest  
in the statement of the growth and  
development of the college and the  
highest enthusiasm when the speak-  
ers referred to the value of the  
school in a cultural way to the com-  
munity. Emphasis was put on the  
fact that it was a hope institution  
and should have the liberal support  
of home people who have boys and  
girls to be educated.

In discussing the financial needs  
of the college it developed that  
there is under the present operating  
cost a deficit of about \$20,000 an-  
nually. To the care of this ex-  
posed until a time when it would be  
favorable to launch an endowment  
campaign to take care not only of  
the annual deficit, but of extensions  
and betterments. It was decided that  
15 or 20 Tulsa business men would  
temporarily underwrite a loan cov-  
ering the immediate needs of the  
school. When financial conditions  
are more settled the friends of the  
college will undertake to raise a per-  
manent fund to put the institution  
on a footing that will enable it to  
develop along broader lines.

This activity was enthusiastically  
indorsed by all present at the din-  
ner last night.

Among those attending the dinner  
were: P. Rogers Kemp, E. P. Har-  
well, and others.

## By The Associated Press.

PARIS, March 28.—News was re-  
ceived here today that the Germans  
are increasing the garrison at Dan-  
zig. This is taken as indicating an  
intention to resist whatever disposi-  
tion the peace conference may make  
of the port.

GERMANS TOLD  
TO PERMIT LANDING.

COPENHAGEN, March 28.—The  
German government at Weimar has  
received a demand for permission for  
Polish troops to land at Danzig and  
to march through German territory  
to Poland, according to a dispatch  
received at Weimar.

REPEAL WOULD  
BREAK ARMISTICE.

AMSTERDAM, March 28.—The  
allied note to Germany demanding  
that Polish troops be allowed to  
land at Danzig declared that re-  
fusal by Germany would be regard-  
ed as a breach of the armistice. A  
Berlin dispatch said. The German  
government replied that it could not  
take the responsibility for permitting  
the Poles to land at Danzig, but was  
prepared to facilitate a landing at  
Stettin, Koenigsberg, Memel or  
Lithuania.

For several weeks negotiations  
have been in progress to send the  
three Polish divisions in France un-  
der General Haller to Poland. It was  
proposed to land them at Danzig and  
then send them into Poland, but  
Germany objected to this plan and  
offered other ports as substitutes.  
The Polish divisions saw fighting  
in France and are fully armed and  
equipped. The German attitude  
against their landing at Danzig has  
been that the Poles might remain  
there and hold that port, which the  
Poles claim as their outlet to the  
Baltic.

NATCHEZ, Miss., March 28.—

Referring to William J. Bryan's re-  
cent declaration that if the present  
senate refuses to approve the league  
of nations covenant, as brought  
back from Paris, it will be the "domi-

declared, "A senator does not have  
to approve the constitution of any  
league of nations that might be  
brought back from Europe."

Lenine has sent a wireless message  
to the Hungarian government urging  
it to send an army against Vienna,  
according to a Budapest dispatch re-

the Exchange Telegraph company.  
Lenine promised to advance 100,000-

the basis of instructions by Lenin.  
The Russian bolshevik premier, but  
that Lenin had declared it was  
unnecessary to copy the mistakes of  
the Russian revolution. A dictator-

TULSA IS FATALLY  
HURT AT FORT WORTHC. W. Kleine Not Expected to Live—  
Wife in Serious Condition—Auto  
Takes Plunge From Bridge.

FORT WORTH, TEXAS, March  
28.—C. W. Kleine, Tulsa oil opera-  
tor, was perhaps fatally injured and  
his wife seriously injured, at noon  
today, when an automobile in which  
they were riding plunged off a high  
bridge near Lake Worth. When  
the injured persons were found  
about two hours later, Kleine was  
in an unconscious condition and his  
wife was suffering from a badly  
crushed hand and internal injuries.  
A produce dealer was the first to  
reach the scene of the accident. He  
placed the injured parties in a motor  
truck and rushed them to the city.

The accident happened about ten  
miles north of Fort Worth on the  
Lake Worth road. But little  
detail could be secured regarding  
the accident, as Kleine was still un-  
conscious at a half hour tonight and  
his wife was also in a very critical  
condition. Kleine suffered serious  
internal injuries.
